

AUSTRALIAN MARINE DEBRIS INITIATIVE

Senior years 7-10

Lesson 4

A degrading experience

Marine Debris from Land and Sea In the environment a long, long time

Each year, tons of plastics and other litter are tossed into rivers, left on beaches, or dumped overboard from recreational and commercial vessels. Litter not only looks bad, but can put people and wildlife in danger. Marine debris can last a long time. Let's keep South Carolina's beaches safe and beautiful. Do your part to prevent trash from becoming marine debris. For more information, visit http://www.scdhec.gov/environment/ocrm/outreach/marine_debris.htm
